CIRCULAR

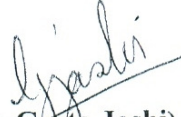

Tenth Institute Level Seminar will be organized on 27/09/2018 at 4:00PM in Conference hall Genetics Building on topic "**Glimpses of ecological research done in Tropical Forest Research Institute**". Presentation on the topic will be made by Dr. Avinash Jain, Scientist-F, Forest Ecology and Climate Change Division. While making their presentation the resource person should address the following issues:

1. Identification of research needs
2. Formulation of future strategies/road map
3. Networking research options and opportunities

All Officers, Scientists, Technical Service employees and RAs, JRFs and FAs working in different division will attend this seminar.

Head Forest Ecology and Climate Change Division is requested to nominate rapporteur for above mentioned seminar and submit the proceeding of seminar so that same can be submitted to head-quarters in time.

This circular is issued with the approval of the Director, TFRI.
